NEW BORN

Link it to the world
 Link it to yourself
 Stretch it like a birth squeeze
 The love for what you hide
 The bitterness inside
 Is growing like the newborn
 When you've seen, seen
 Too much too young, young
 Soulless is everywhere

Hopeless time to roam
 The distance to your home
 Fades away to nowhere
 How much are your worth
 You can't come down to earth
 You're swelling up - you're unstoppable
 'Cause you've seen, seen
 Too much too young, young
 Soulless is everywhere

Destroy the spineless
 Show show me it's real
 Wasting our last chance
 To come away
 Just break the silence
 'Cause I'm drifting away
 Away from you

Yeah link it to the world
 Link it to yourself
 Stretch it like it's a birth squeeze
 And the love for what you hide
 And the bitterness inside
 Is growing like the newborn
 When you've seen, seen
 Too much too young, young
 Soulless is everywhere

Destroy the spineless
 Show show me it's real

Wasting their last chance
To come away
Just break the silence
'Cause I'm drifting away
Away from you
Oo, oo-waaah

BLISS

Everything about you is how I'd wanna be
Your freedom comes naturally
Everything about you resonates happiness
Now I won't settle for less

Give me
All the peace and joy in your mind

Everything about you pains my envying
Your soul can't hate anything
Everything about you is so easy to love
They're watching you from above

Give me
All the peace and joy in your mind
I want the peace and joy in your mind
Give me the peace and joy in your mind

Everything about you resonates happiness
Now I won't settle for less

Give me
All the peace and joy in your mind
I want the peace and joy in your mind
Give me the peace and joy in your mind

SPACE DEMENTIA

Height - is the one for me
It gives me all I need
And helps me coexist
With the chill

You make me sick
Because I adore you so
I love all the dirty tricks
And twisted games you play
On me

Space dementia in your eyes and
Peace will arise
And tear us apart
And make us meaningless again

You'll make us wanna die
I'd cut your name in my heart
We'll destroy this world for you
I know you want me to
Feel your pain

Space dementia in your eyes and
Venus will arise
And tear us apart
And make us meaningless again

HYPER MUSIC

Your golden skies feed my role
In this forgotten space race under my control
Who's returned from the dead?
Who remains (just to spit it in your face)

You know that I don't want you and i never did
I don't want you and I never will

You wanted far more than I was worth
And you think I was scared yeah
And you needed proof
Who really cares anymore?
Who restrains (just to spit it in your face)

You know that I don't love you and I never did
I don't want you and I never will

PLUG IN BABY

I've exposed your lies, baby
The underneath is no big surprise
Now it's time for changing
And cleansing everything
To forget your love

My plug in baby
Crucifies my enemies
When I'm tired of giving
My plug in baby
In unbroken virgin realities
Is tired of living

Don't confuse
Baby you're gonna loose
Your own game
Change me
Replace the envying
To forget your love

My plug in baby
Crucifies my enemies
When I'm tired of giving
My plug in baby
In unbroken virgin realities
I'm tired of living

And I see your loving
But mine is gone
And I've been in trouble

CITIZEN ERASED

break me in, teach us to cheat
and to lie and cover up
what shouldn't be shared
and the truth unwinding
scraping away at my mind
stop asking me to describe

for one moment
i wish you'd hold your stage
with no feelings at all
open minded
i'm sure i used to be so free

self expressed, exhausting for all to see
and to be what you want
and what you need
and truth's unwinding
scraping away at my mind
srop asking me to describe

for one moment
i wish you'd hold your stage
with no feelings at all
open minded
i'm sure used to be so free

for one moment i wish you'd hold your stage
with no feelings at all
open minded
i'm sure i used to be so free

wash me away
clean your body of me
erase all the memories
tey'll only bring us pain
and i've seen, all i'll ever need

MICRO CUTS

Hands are red with your blame
Megaphone screaming my name
Whimpers someone I should've loved
Souls weeping above

I've seen
What you're doing to me
Destroying puppet strings
To our souls

Micro waves me insane
A blade cuts into your brain
To sound like a fork on a plate
Blackboard scratched with hate

I've seen
What you're doing to me
Destroying puppet strings
To our souls

SCREENAGER

Who's so phoney and always surrounded?
Stop your screaming - no one can hear
All the scars on your skin: 'post no bills'

Who you were
Was so beautiful
Remember who
Who you were

Hide from the mirror - the cracks and memories
Hide from your family - they won't know you now
For all the holes in our souls host no thrills

Who you were
Was so beautiful
Memories who-
Who you were

DARKSHINES

Passing by, you light up my darkest skies
You'll take only seconds to draw me in
So be mine and your innocence
I will consume

Dark shines
Bringing me down
Making my heart feel sore
'Cause it's good

Hold your hands up to your eyes again
Hide from the scary scenes
Suppress your fears
So be mine and your innocence
I will consume

Dark shines
Bringing me down
Making my heart feel sore
'Cause it's good

Your dark shines
Bringing me down
Making my heart feel sore
'Cause it's good

FEELING GOOD

Birds flying high you know how I feel
Sun in the sky you know how I feel
Reeds driftin' on by you know how I feel

It's a new dawn
It's a new day
It's a new life
For me
And I'm feeling good

Fish in the sea you know how I feel
River running free you know how I feel
Blossom in the tree you know how I feel

It's a new dawn
It's a new day
It's a new life
For me
And I'm feeling good

Dragonfly out in the sun you know what I mean, don't you know
Butterflies all havin' fun you know what I mean
Sleep in peace when the day is done
And this old world is a new world
And a bold world
For me Stars when you shine you know how I feel
Scent of the pine you know how I feel
Oh freedom is mine
And I know how I feel

It's a new dawn
It's a new day
It's a new life
For me
And I'm feeling good

MEGALOMANIA

Paradise comes at a price
That I am not prepared to pay
What were we built for? Could someone tell me please

The good news is she can't have babies
And won't except gifts from me
What are they for?
They'll just grow up and break the laws you've loved

Take off your disguise
I know that underneath it's me
Who are you ooh

Useless device, it won't suffice
I want a new game to play
When I am gone - it won't be long
Before I disturb you in the dark

And paradise comes at a price
That I am not prepared to pay
What were we built for?
Will someone tell me please

Take off your disguise
I know that underneath it's me
